

## State Street, 9000 South to 10600 South

# Construction Update

### 9000 South, Monroe Street to East of State Street

Roadway reconstruction on 9000 South between Monroe Street and 60 East is underway. Project activities for 9000 South include:

- Full roadway reconstruction
- Roadway widening
- Lighting/signal work
- Utility upgrades

Crews will widen and reconstruct the southern half of 9000 South then move to reconstruct the north half.

#### What to Expect:

- Traffic on 9000 South has been reduced to two lanes in each direction. Drivers should expect traffic delays in the area. See reverse side for the traffic control plan.

### State Street, 9000 South to 10600 South

Work continues this spring on State Street between 10600 South and 9000 South. Project activities for State Street include:

- Placing medians
- Landscaping medians and shoulders
- Miscellaneous lighting/signal work
- Miscellaneous sidewalk work
- Final asphalt seal coat paving
- Final striping

#### What to expect:

- The inside travel lanes are restricted on north- and southbound State Street to allow work on the medians.
- Left turns are limited to major intersections only. Please plan your trips along State Street accordingly.

### Work Zone Safety

#### Did you know?

- 830 total work zone injuries occur annually in Utah.
- 870 people are injured in Utah work zone accidents per year.
- There is an average of five fatalities annually as result of work zone accidents in Utah.

#### How can you improve work zone safety?

- Stay alert and minimize distractions
- Don't tailgate
- Obey the posted speed limit
- Follow all flagger instructions
- Expect the unexpected
- Pay attention to the road
- Merge and change lanes safely
- Be Patient!

The project team wants you to get home safely while keeping the construction crew safe as well. The following restrictions are in place on the State Street project for your safety:

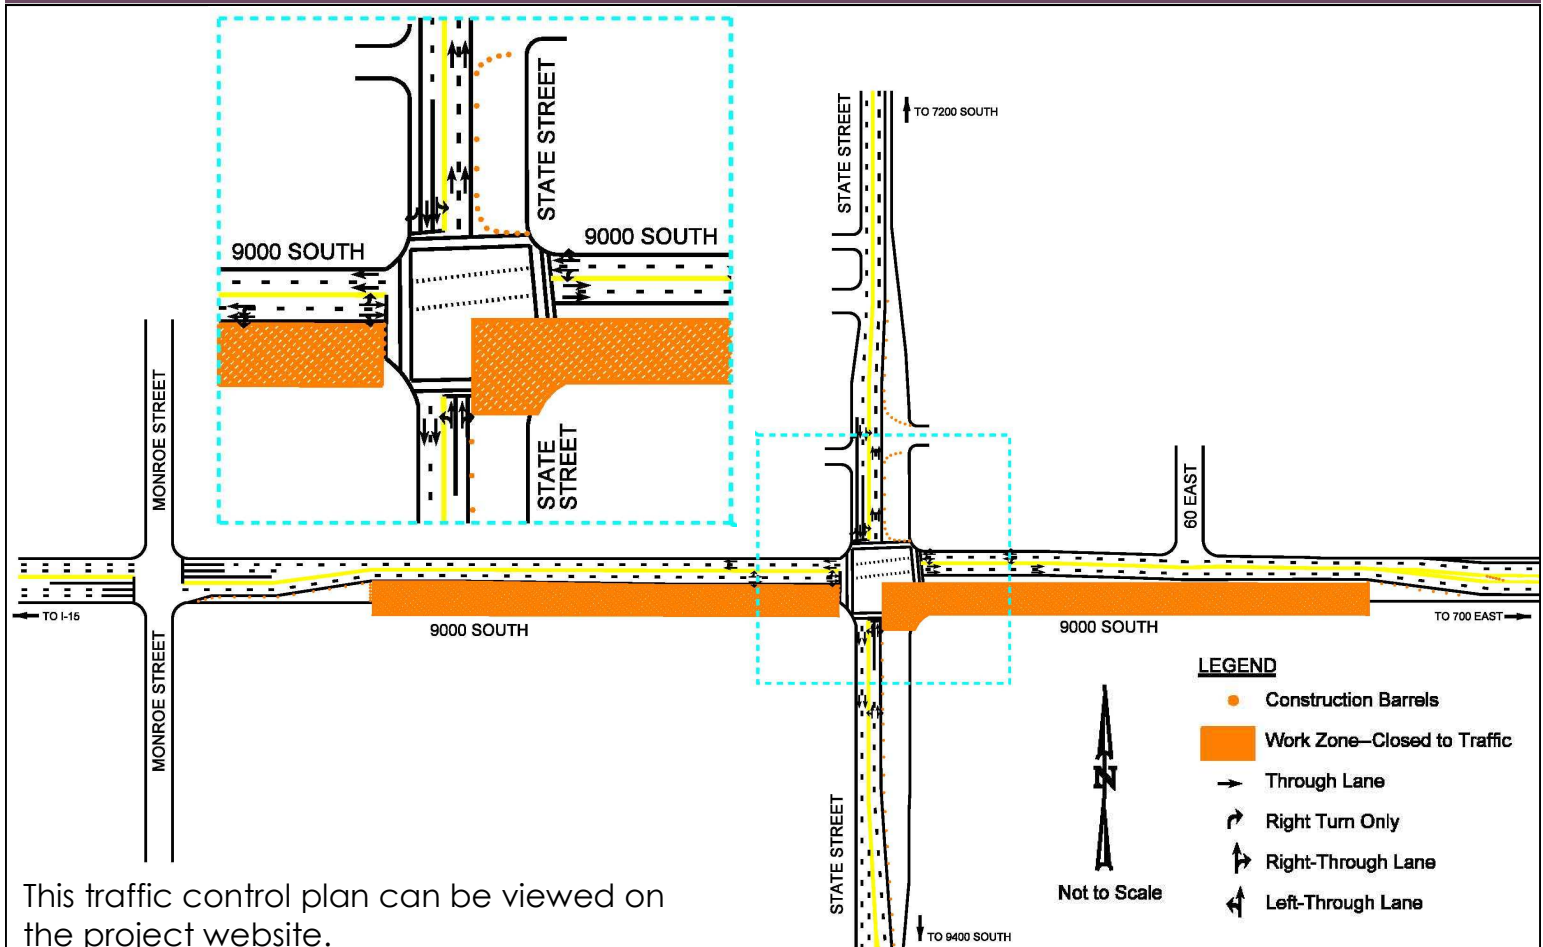

- **The speed limit on State Street has been reduced to 30 mph.** Please use caution when driving through the work zone for your safety and the safety of the construction crew. Fines are doubled for speeding in work zones.
- **Left turns on State Street are limited to major intersections only.** Tickets are being issued for making illegal left turns.

# State Street, 9000 South to 10600 South

## Construction Update

### 9000 South Traffic Control (Lane Shift to the North)

### Project Schedule\*

The State Street, 9000 South to 10600 South construction project is anticipated to be complete late-summer 2008.

*\*The schedule is subject to change due to weather, materials issues or unanticipated utility conflicts.*

### Community Coordination Committee

The State Street project Community Coordination Committee (CCC) has been meeting on a regular basis. You are welcome to attend these meetings. For more information on the CCC meetings, visit the project website or contact the project team.
